Elior Group S.A. announces the success of its offering of €500 million senior notes due 2030

Elior Group S.A. (the “**Company**”), announced today the success of its offering (the “**New Notes Offering**”) of €500 million in aggregate principal amount of 5.625% senior notes due 2030 (the “**New Notes**”). The offering was oversubscribed, demonstrating strong momentum and significant buy-in from the debt investor market, reflecting confidence in the new Elior story.

The New Notes will bear interest at an annual rate of 5.625% and will be issued at a price of 100% of their par value. The New Notes will rank pari passu with the Company’s senior debt, including its new revolving credit facility. The Company will also enter into a new revolving credit facility agreement for an amount of €430 million upon the completion of the New Notes Offering and cancel its existing senior facilities agreement.

The Company intends to use the gross proceeds from the New Notes Offering, together with cash on hand and amounts drawn under the new revolving credit facility agreement, to (i) repurchase its outstanding senior notes due 2026 (the “**Existing Notes**”) in its previously announced tender offer (the “**Tender Offer**”) and, collectively with the New Notes Offering, the “**Transactions**”), (ii) repay the drawing under its existing revolving credit facility, and pay certain fees and expenses in connection with the Transactions. If not all the Existing Notes are repurchased in the Tender Offer, the Company intends to redeem them at or prior to their maturity in accordance with the terms of the indenture governing the Existing Notes.

The issuance of the New Notes is expected to take place on February 4, 2025, subject to customary conditions.
